EVERY DELIBERATE FIRE HAS VICTIMS, COSTS AND CONSEQUENCES. FIRE SETTING IS AN OFFENCE.

DON’T ACCEPT IT, REPORT IT.

What’s the problem?
Every day, over one hundred and eighty fires are deliberately started in England. These fires blight our neighbourhoods, damage the environment and can sometimes cause injury or even death.

How you can help - don’t accept it, report it.
All we want you to do, is tell us anything you know about fires that have been started in your area. Call the independent charity Crimestoppers anonymously if you have information about who is responsible. You won’t have to give your name or go to court.

Cheshire Fire and Rescue Service - How we can help
If you have any concerns about a child or young person playing with or showing an unhealthy interest in fire, please contact your local community fire station.
