**UNITARY PERFORMANCE AREA PLAN 2017-18
(Version 1, Final)**

UNITARY PERFORMANCE AREA PLAN 2017-18

Directorate:	Service Delivery and Performance
Unitary Performance Manager:	Leon Parkes
Unitary Admin Manager	Bev Hughes
Locality Safety Manager:	Lorraine Page
Unitary CFP Manager:	Mark Burrage
Plan start date:	01 April 2017
Quarterly Reviews	Q1 July 2017 Q2 October 2017 (Mid Year) Q3 January 2018 Q4 April 2018 (End of Year)
Version: 1	Final

1. INTRODUCTION

1.1 Our Vision, Mission, Aims and Objectives (Golden Thread)

VISION	<i>A Cheshire where there are no deaths, injuries or damage from fires or other emergencies.</i>
MISSION	<i>To help create safer communities, to rescue people and protect economic, environmental and community interests.</i>
Underpinned by our Aims and Objectives:	
	<p>To protect our communities and reduce local risks we will:</p> <ul style="list-style-type: none"> P1 Maintain a detailed understanding of our communities and carry out risk analysis and assessment to identify the people and property most at risk P2 Deliver campaigns and projects to reduce antisocial behaviour and increase awareness of fire and road safety P3 Ensure fire safety legislation is implemented effectively
	<p>To respond promptly and effectively to emergencies we will:</p> <ul style="list-style-type: none"> R1 Ensure plans and resources are in place to provide a flexible, efficient and resilient response to emergency incidents R2 Use intelligence and data to match resources to risk and demand R3 Ensure the safety of our people by providing them with the right equipment, training and skills
	<p>In developing an excellent organisation accountable to our communities we will:</p> <ul style="list-style-type: none"> S1 Ensure our workforce is competent and able to deliver our vision S2 Inform and involve our communities and our staff in developing services and policies which are open, transparent and accountable S3 Deliver value for money services which maximise community safety and minimise our impact on the environment

Key Priorities for CFRS in Cheshire East

Accidental fires in the home continue to be a key issue with 168 occurring between 01/04/2016 and 31/03/2017 (137 in 2013/14, 142 in 2014/15 and 131 in 2015/16). In 2016/17 44 were in Crewe, 22 were in Macclesfield and 19 in Congleton. Our Home Safety Assessment campaign has helped reduced these significantly with continuing year on year reductions. The long-term trend shows fire deaths have reduced significantly and there was 15 injuries (32 in 2013/14, 23 in 2014/15, 23 in 2015/16) and 3 fatalities (between 01/04/2016 – 31/03/2017) in Cheshire East (3 in 2013/14, 3 in 2014/15, 3 in 2015/16) but we aim to reduce this to zero.

There were 209 arson incidents between 01/04/2016 – 31/03/17 (78 deliberate and 131 secondary) (273 in 2013/14, 182 in 2014/15, 215 in 2015/16) which is lower than in other areas of the Service (Arson incidents in 2016/17 in CWAC were 388, Warrington 238, and Halton 292). These incidents cause significant damage and cost to the local economy and affect public satisfaction with the local area. Again, our reduction campaigns have been hugely successful and we have seen a significant reduction on historical figures and incidents since 2007 but levels are still high in isolated pockets - as is anti-social behaviour - so we must continue our efforts.

In the calendar year of 2016 there were 175 KSI casualties on the roads of Cheshire East (186 in 2015 calendar year). In the calendar year of 2016 there were 17 fatalities (18 in 2015 calendar year), so we will continue to support our partners to deliver a reduction in the number of those killed and seriously injured on the roads of Cheshire.

3. DELIVERY PLAN

Service Delivery Key Objectives

Ref	Key Objective
1	Improve Home Safety
2	Reduce deliberate fires and anti-social Behaviour
3	Improve Road Safety
4	Improve Fire Safety in Non Domestic premises
5	Improve the operational preparedness
6	IRMP & Sustainable Communities Strategy

Monitor & Review

All whole time stations will develop community action plans (CAP's) aligned to the above priorities. These will include SMART objectives and milestones all of which will be reviewed on a quarterly basis. The report will be presented to local Unitary Performance Groups, the Unitary Performance Management Team, before formal submission to Performance Management Group.

All the activities delivered on station through the Community Action Plans (CAPS) will be subject to an Equality and Environmental Impact Assessments.

Positive Action:

As concerns recruitment, and in particular firefighter recruitment, the Service is actively encouraging applications from diverse groups, such as women and members of the LGBT and BME communities, as part of an ongoing programme of positive action. All

departments and crews shall support and/or facilitate positive action events together with HR and the Equality and Inclusion Team, as and when appropriate.

Delivery Plan

1. Improve Home Safety

In 2017-18 Safe & Well visits will be targeted on two tiers: Very high risk households through referrals from partnerships agencies and targeted households based on risk from the HRD set (total 40,000 (Platinum, Gold, Silver, Bronze)). The Service has devised a targeting methodology to identify high risk households taking account of personal risk; socio-demographic risk and emergency response risk.

Ref	CAP	Lead	Key Intelligence	Outputs & Outcomes	Target	PESTLE Drivers
1.1	<p>We will deliver 5,443 Safe & Well visits (1,344 per wholetime pump, 739 per DC1 pump and 1008 per nucleus pump.</p> <p>We will visit all Platinum and Gold Addresses to offer a Safe and Well visit and aim to complete a visit in 65% of the addresses.</p> <p>In addition we will deliver when required ad hoc risk based Safe & Well visits from other sources. (E.g. after the fire etc.)</p>	SD + CS	<p>During the period 01/04/16 to 31/03/17 there were 168 accidental dwelling fires (10 injuries and 3 fatalities). In 2016/17 44 ADF's were in Crewe, 22 were in Macclesfield and 19 in Congleton.</p> <p>Males and females over 65 are at risk and males are twice as likely as females to die in fire.</p> <p>The risk for males aged 85+ is twice that of males 65+. Our targeting of HSA's is aimed at the over 65's, prioritising the Gold, Silver and Bronze</p>	<p>Number of Home Safety Assessments completed from the HRD data set and partner referrals.</p> <p>01/04/17 to 31/03/18 Visit 100% of Platinum households to offer a Safe and Well visits</p> <p>By 01/04/2017 - Visit 100% of Gold households to offer a Safe and Well visits</p> <p>100% of the over 65's will be offered a Contact Assessments</p> <p>Safe and Well visits completed in Platinum and Gold addresses</p>	<p>5,443</p> <p>100%</p> <p>100%</p> <p>100%</p> <p>65%</p>	<p>Reduction in funding will require councils and other local authorities to consider radically different ways of delivering services.</p> <p>Ageing population and the challenges that they bring to public service providers. In particular, the costs of meeting increasing demand for dementia and related care services.</p> <p>Social Care reforms are aiming to ensure people stay at home for as long as possible before moving into care.</p>

1. Improve Home Safety

In 2017-18 Safe & Well visits will be targeted on two tiers: Very high risk households through referrals from partnerships agencies and targeted households based on risk from the HRD set (total 40,000 (Platinum, Gold, Silver, Bronze)). The Service has devised a targeting methodology to identify high risk households taking account of personal risk; socio-demographic risk and emergency response risk.

Ref	CAP	Lead	Key Intelligence	Outputs & Outcomes	Target	PESTLE Drivers
	<p>We will offer Contact Assessments to over 65s in accordance with our partnerships with Age UK</p> <p>We will deliver key stage 2 (KS2) educational visits to all 121 primary schools within the Unitary area. Crewe 42 Schools Congleton 13 Schools Macclesfield 20 Schools Wilmslow 17 Schools Knutsford 11 Schools Prevention 18 Schools</p>		households taken off the HRD data set. Other HSA's are completed following agency referral and post incident.	<p>Injuries in ADFs (BV143ii)</p> <p>Reduction in BV142iii Accidental Dwelling Fires</p> <p>121 Key stage 2 visits completed</p> <p>BV143i Deaths in Accidental Fires</p> <p>Deaths in Primary Fires (NI49ii)</p>	<p>Reduce by 5%</p> <p>Reduce by 5%</p> <p>100%</p> <p>0</p> <p>0</p>	<p>The reductions in public spending could also lead to higher levels of unemployment.</p> <p>Welfare reforms will impact on vast majority of benefits claimants and could lead to increased vulnerability. (e.g. fuel poverty)</p> <p>Increasing number of single person households who are more at risk from fire.</p>

1. Improve Home Safety

In 2017-18 Safe & Well visits will be targeted on two tiers: Very high risk households through referrals from partnerships agencies and targeted households based on risk from the HRD set (total 40,000 (Platinum, Gold, Silver, Bronze)). The Service has devised a targeting methodology to identify high risk households taking account of personal risk; socio-demographic risk and emergency response risk.

NC ¹ 1.2	Operational crews will support Prevention to deliver Older persons day/Cheshire Safety Day. (NO CAP – HQ Led initiative)	P&P/ CC	The majority of ADF's in Cheshire East took place in the kitchen. The most common causes being related to <ul style="list-style-type: none"> • Cooking. • Electrical supply • Domestic Appliance • Smoking 	NI49iii Non-fatal casualties (excluding precautionary check) (Target based on 3 year average)		Greater freedom and relaxation of Council Tax freeze rules for some local authorities, including PCCs and social care.
1.3	We will support the delivery of the 'Dirty Grills kill' campaign and promotional activity directed by the service campaigns group (No CAP).	CC		BV 144 Percentage of accidental fires in dwellings confined to room of origin	95%	
1.4	Continue to support co responder pilot that involves firefighters responding to cardiac arrest incidents to support the NWS and improve survival rates.	SD		BV 209iii percent of dwellings were no smoke alarm was fitted.	12%	

¹ Non CAP – HQ led initiative

2. Reduce Deliberate Fires and Anti-Social Behavior

Arson is a particularly destructive crime, which impacts on both the individual victim and on society as a whole. It is now the largest single cause of major fires in the UK. At its worst, arson leads to loss of life and significant financial damage. Even minor arson, where it is persistent and pervasive, sets a strongly detrimental (and visually harmful) tone to deprived communities, contributes to social exclusion, and effects public confidence in the Police and Local Partners ability to tackle crime and ASB. Arson is inextricably linked with other forms of ASB and requires a holistic inter-agency response based around 4 E's: Education, Engagement, Elimination & Enforcement

Ref	CAP	Lead	Key Information	Outputs & Outcomes	Target	PESTLE Drivers
2.1	<p>This is an intelligence led objective that will be activated when there is a concern with levels of deliberate fire activity in a particular station area.</p> <p>Where required specific plans will be developed to respond to peak activity and reduce all deliberate fire setting including bonfires.</p> <p>We will continue to develop relationships with Police to improve evidence/information gathering at incidents. This will be shared in a</p>	SD + CFP	<p>During the 12 months from 01/04/16 to 31/03/17 there were a total of 209 deliberate fires in Cheshire East (78 of which were primary fires and 131 were secondary fires).</p> <p>The hotspot area for both primary and secondary deliberate incidents is Crewe with smaller concentrations in Congleton, Macclesfield and Wilmslow.</p> <p>Sundays were the peak days for the incidents. Most active time periods were between 6 p.m. and 12 p.m.; peaking at 7-10 p.m. The least activity was between 5 a.m. and 11 a.m.</p>	<p>NI33i Deliberate primary fires BV 206 ii primary vehicles (Target based on 3 year average)</p> <p>NI33ii Deliberate Secondary BV206iv Secondary vehicle fires (Target based on 3 year average)</p> <p>2.1 Reduction in deliberate fire setting over the bonfire period. (Service target is TBC) In 2016-17 there were 6 incidents in the 2 week period.</p>	<p>5% (85)</p> <p>5% (138)</p> <p>No target for CE, we will however contribute to the Service target.</p>	<ul style="list-style-type: none"> Continued reductions in resources – both CFRS and partners Community Budgets and sub-regional collaboration Difficult business environment – continued risk of arson, increased mental health issues,

Levels of Anti Social Behavior	No target set by Cheshire Police	<p>households into fuel poverty.</p> <ul style="list-style-type: none"> • PCC elections – depending upon their agenda could change the face of local politics, the drive for collaboration and the direction of crime and disorder and road safety partnerships.

3.1 (2)	Support the Summer Road Safety week (proposed dates 15-30 July 2017 to deliver a fire service presence from all WT & DC fire stations at suitable locations planned by CSRSO.	CS				
3.1 (3)	Undertake events to support the National Tyresafe / Winter Driving campaign during October 2017. Prevention to organise operational crews to attend.	PP		3.1 (2) 1 event per station during National Road Safety Week	Minimum of 100 x 1:1 road safety messages delivered at each event.	
3.1 (4)	Prevention to organise, and wholetime stations to support, summer and Christmas Drink Driving campaigns led by Road Safety Partnership.	PP		3.1 (3) One event per wholetime/day crewed station	CE = 5	
				3.1 (4) Events delivered as part of the Summer & Winter Drink Driving Campaign.	CE = 2 event	

3.4 (1)	In liaison with the CFS/Local Road Safety Partnership each Watch to deliver a specific event during Brake Road Safety week 19-26 November 2017.	SD/P P				
3.4 (2)	MED's - M6 events will be delivered on a specific day during August (tba) to coincide with multi agency M6 Corridor event (this will be at Knutsford/Sandbach).	SD / PP				
3.4 (3)	Station Managers/ CS to represent CFRS on their local road safety delivery groups	SD + PP				

	(including LAP's) to integrate CFRS activities into the local road safety plans					
3.5	In accordance with the Cheshire East Council commissioned road safety agreement we will deliver key stage 2 and 4 road safety education to schools contributing to a reduction in the number of children killed and seriously injured	PP		3.5 deliver to 116 primary schools and to 21 high schools	CE = 116 Primary & 21 Secondary	
				Percent of RTCs passing the Cheshire Standard.	95%	

4. Improve Fire Safety in Non-Domestic Premises /Safeguard Heritage/Reduce Unwanted Fire Signals

We will improve the standards of fire safety within the non domestic built environment and reduce the occurrence of Non Domestic fire related incidents and safeguard heritage. Last year there were 387 false alarms. These are a significant drain on resources and therefore we will robustly implement service policies to ensure significant reductions in this type of incident. Each year there are around 65 fires involving non-domestic premises which affected local businesses and the economy.

Ref	CAP	Lead	Key Information	Outputs and Outcomes	Target	PESTLE Drivers
						<ul style="list-style-type: none"> Continued reductions in resources – both CFRS and partners Community Budgets and sub-regional collaboration Difficult business environment – continued risk of arson, increased mental health issues, deprivation, unemployment, alcoholism and deprivation. High potential for repeat of 2011 summer riots due to high unemployment and detachment of elements in society Welfare reforms could lead to public unrest. Changes to council tax and local business rate collection The economic downturn may lead to increase in vacant business premises which
4.3	Operational crews undertake fire safety audits, peak activity inspections, thematic visits with a commitment based upon; up to a maximum of one inspection per watch per tour (to include Fire works, pre-xmas visits)	CFP	Unwanted Fire Signals From 01/4/16 to 31/03/17 there were 387 Automatic Fire Alarms (AFA's) in Cheshire East with the largest amount of incidents being in Crewe and Macclesfield. The highest property type is Hospitals followed by Infant/Primary Schools Purpose built flats, Nursing/care and faulty systems, accidentally/carelessly set off and dust were the three top causes.	4.3 426 thematic inspections to be completed		
4.4	Protection Officers to undertake a health Check/ "during performance" (peak activity) type inspections of sleeping risk premises.	CFP		4.4 Completed Peak activity Inspections	15	
4.5	Support Protection to deliver business safety events.	CFP		4.5 Completed Business safety events per unitary area	2	

4. Improve Fire Safety in Non-Domestic Premises /Safeguard Heritage/Reduce Unwanted Fire Signals

We will improve the standards of fire safety within the non domestic built environment and reduce the occurrence of Non Domestic fire related incidents and safeguard heritage. Last year there were 387 false alarms. These are a significant drain on resources and therefore we will robustly implement service policies to ensure significant reductions in this type of incident. Each year there are around 65 fires involving non-domestic premises which affected local businesses and the economy.

						could pose a fire risk. The temptation to commit insurance fraud may also increase thus increasing arson. <ul style="list-style-type: none"> • The reductions in public spending could also lead to higher levels of unemployment.

5. Improve Operational Preparedness

Despite successful prevention activities our core role remains one of responding to emergencies; these emergencies are today much broader in range to reflect the changing risks that face our community. The terrorist threat and climate change are key examples of this, although, there are many more inherent risks in the way we now live on a day to day basis. We will reduce the risk at Operational incidents for our firefighters and the community.

Ref	CAP	Lead	Key Information	Outputs and Outcomes	Target	PESTLE Drivers

6. IRMP & Sustainable Community Strategy

We will implement the objectives set out in the Integrated Risk Management Plan (IRMP14). This will include those objectives applicable in all Unitary areas and those specifically relevant to the Cheshire East Unitary. Cheshire East Sustainable Community Strategy ‘Ambition for All’ its vision: *‘Cheshire East is a prosperous place where all people can achieve their potential, regardless of where they live. We have beautiful productive countryside, unique towns with individual character and a wealth of history and culture. The people of Cheshire East live active and healthy lives and get involved in making their communities safe and sustainable places to live.’*
