1. INTRODUCTION

1.1 Our Vision, Mission, Aims and Objectives

VISION	<i>A Cheshire where there are no deaths, injuries or damage from fires or other emergencies.</i>
MISSION	<i>To help create safer communities, to rescue people and protect economic, environmental and community interests.</i>
Underpinned by our Aims and Objectives:	
	<p>To protect our communities and reduce local risks we will:</p> <ul style="list-style-type: none"> P1 Maintain a detailed understanding of our communities and carry out risk analysis and assessment to identify the people and property most at risk P2 Deliver campaigns and projects to reduce antisocial behaviour and increase awareness of fire and road safety P3 Ensure fire safety legislation is implemented effectively
	<p>To respond promptly and effectively to emergencies we will:</p> <ul style="list-style-type: none"> R1 Ensure plans and resources are in place to provide a flexible, efficient and resilient response to emergency incidents R2 Use intelligence and data to match resources to risk and demand R3 Ensure the safety of our people by providing them with the right equipment, training and skills
	<p>In developing an excellent organisation accountable to our communities we will:</p> <ul style="list-style-type: none"> S1 Ensure our workforce is competent and able to deliver our vision S2 Inform and involve our communities and our staff in developing services and policies which are open, transparent and accountable S3 Deliver value for money services which maximise community safety and minimise our impact on the environment

Key Priorities for CFRS in Halton

At the end of the 2017/18 planning year **Halton** saw an increase in accidental fire in the home when compared to the same period in 2016/17, but consistent with values seen before 2016 (48 incidents in 2017/18 compared to 35 incidents in 2016/17). The majority of the incidents have a low severity rating indicating that they are relatively minor. We aim to further reduce incidents of fire in the home further through our targeted approach to Safe & Well visits.

The reduction of deliberate fire activity is a key priority for the Service in Halton, however we saw an increase in 2017/18 with a total of 284 incidents (72 primary and 212 secondary) compared to 2016/17 planning year of 242 incidents (66 primary and 176 secondary) however it is much lower than the majority of values recorded pre 2016/17.

In response to these incidents we will maintain initiatives across Halton by targeting deliberate fires and deliberate fire setters, and ensure the PNR process provides detailed intelligence for potential prosecution with a more increased emphasis on the SPOC for each Local Policing Unit.

Reduction of Killed & Seriously Injured (KSI) on the Roads;

Cheshire Fire & Rescue Service (CFRS) is the publicly accountable body responsible for ensuring the communities of Cheshire West & Chester, Cheshire East, Halton & Warrington are protected by an effective and efficient Fire & Rescue Service (FRS). This remit extends to carrying out road safety activity in partnership with local authorities and other key agencies such as; Police, Ambulance, Highways Agency and Department For Transport as well as a range of relevant road safety charities and groups.

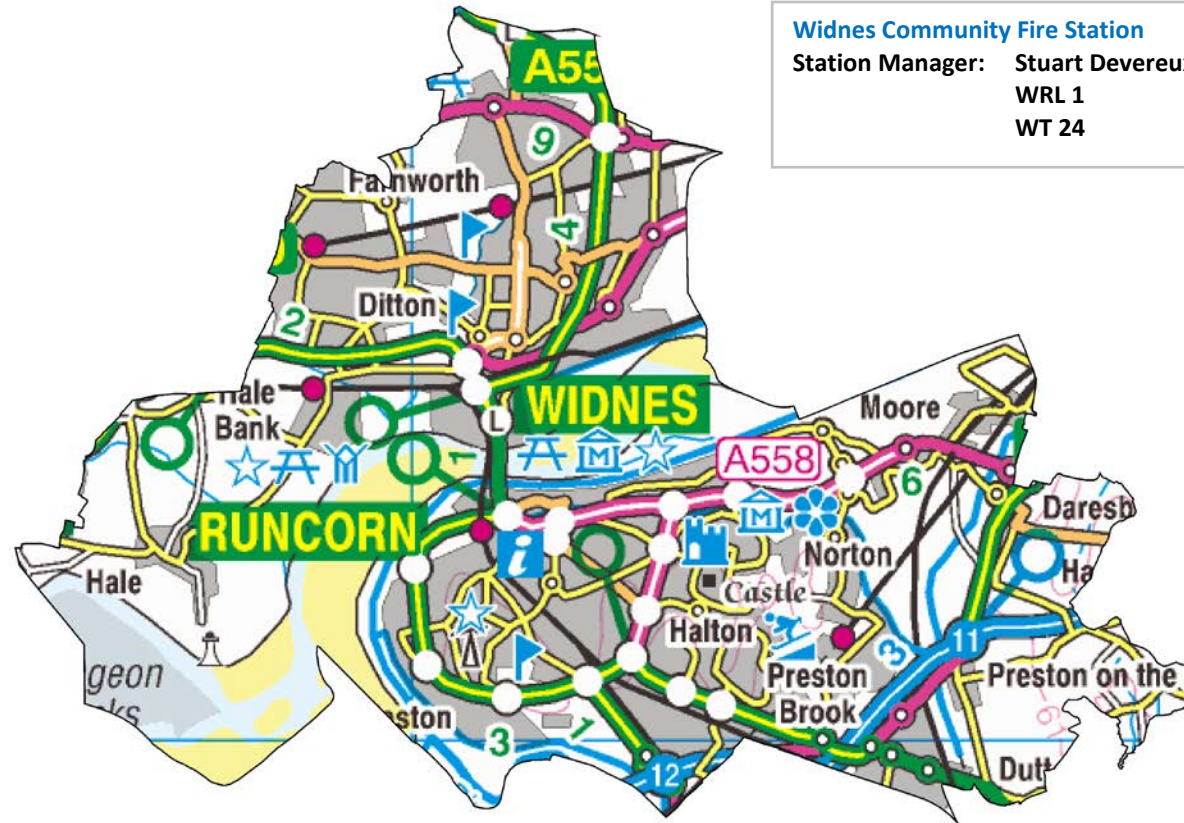

There were 381 KSI casualties including 22 fatalities in the CFRS area during 2017 of which 29 KSI casualties occurred in Halton including 1 fatality.

3. DELIVERY PLAN

Service Delivery Key Objectives

Ref	Key Objective
1	Improve Home Safety
2	Reduce deliberate fires and anti-social Behaviour
3	Improve Road Safety
4	Improve Fire Safety in Non Domestic premises
5	Improve the operational preparedness
6	IRMP & Sustainable Communities Strategy

Monitor & Review

All whole time stations will develop community action plans (CAP's) aligned to the above priorities. These will include SMART objectives and milestones all of which will be reviewed regularly. The report will be presented to local Unitary Performance Groups, the Unitary Performance Management Team; a further review takes place at the Performance Scrutiny Board before formal submission to Performance and Programmes Board (PPB).

All the activities delivered on station through the Community Action Plans (CAPS) will be subject to an Equality and Environmental Impact Assessments.

Positive Action:

In relation to recruitment and in particular firefighter recruitment, the Service is actively encouraging applications from underrepresented groups, such as women and members of the LGBT and BME communities, as part of an ongoing programme of positive action. All departments and crews shall support and/or facilitate positive action events together with HR and the Equality and Inclusion Team, as and when appropriate.

Delivery Plan

1. Improve Home Safety

In 2018-19 'Safe and Well' visits will be targeted on two tiers: Very high risk households through referrals from partnerships agencies and targeted households based on risk from the HRD set (total 40,000 (Platinum, Gold, Silver, Bronze)). The Service has devised a targeting methodology to identify high risk households taking account of personal risk; socio-demographic risk and emergency response risk.

Ref	CAP	Lead	Key Intelligence	Outputs & Outcomes	Target 2018/19
1.1	<p>We will deliver 1344 per whole time pump stations from the HRD set. (Including partner referrals). We will visit all Platinum and Gold Addresses to offer a Safe and Well visit and aim to complete a visit in 65% of the addresses.</p> <p>In addition we will deliver when required adhoc risk based Safe & Well visits from other sources. (E.g. after the fire etc.)</p> <p>We will deliver Key Stage 2 educational visits to all primary schools within the unitary area (51 KS2 visits – Runcorn 31, Widnes 20)</p>	SD Pre	<p>17/18 Total Accidental Dwelling fires = 48 (18/19 target 44) 17/18 Total number of Primary Fire injuries = 11 (ADF Injuries = 6).</p> <p>The peak times are consistent with the wider Cheshire picture with incidents increasing during afternoon and evening meal times.</p> <p>The majority of ADFs occurred in the kitchen, with cookers being the most frequent ignition source.</p>	Number of Safe and Well Visits completed from the HRD data set and partner referrals.	2688
				By 01/04/2019 - Visit 100% of Gold households to offer a Safe and Well visit.	100%
				Safe and Well visits completed in Platinum and Gold addresses	65%
				Injuries in ADFs (BV143ii)	2
				Reduction in BV142iii Accidental Dwelling Fires	44
				BV143i Deaths in Accidental Fires	0
				Deaths in Primary Fires (NI49ii)	0
				Reduction in NI49iii Non-fatal casualties (excluding precautionary check)	

Ref	CAP	Lead	Key Intelligence	Outputs & Outcomes	Target 2018/19
1.2	Operational Crews to support the delivery of national and local planned Road Safety Programmes to ensure the provision of suitable educational information is delivered in conjunction with the Locality Safety Manager and as detailed in the Road Safety Delivery Plan 2018/19.	Pre	<p>People within this "Platinum" risk category are more likely to be older, living alone in demographic areas that are known to have more fires.</p> <p>The risk for males aged 85+ is twice that of males 65+. Our targeting of Safe & Well visits is aimed at the over 65's, prioritising the Gold, Silver and Bronze households taken off the HRD data set. Other Safe & Well visits are completed following agency referral and post incident.</p>	<p>BV 144 Percentage of accidental fires in dwellings confined to room of origin</p> <p>BV 209iii percent of dwellings where no smoke alarm was fitted.</p>	<p>95%</p> <p>No more than 12%</p>

2. Reduce Deliberate Fires and Anti-Social Behaviour

Arson is a particularly destructive crime, which impacts on both the individual victim and on society as a whole. It is now the largest single cause of major fires in the UK. At its worst, arson leads to loss of life and significant financial damage. Even minor arson, where it is persistent and pervasive, sets a strongly detrimental (and visually harmful) tone to deprived communities, contributes to social exclusion, and effects public confidence in the Police and Local Partners ability to tackle crime and ASB. Arson is inextricably linked with other forms of ASB and requires a holistic inter-agency response based around 4 E's: Education, Engagement, Elimination & Enforcement.

Ref	CAP	Lead	Key Information	Outputs & Outcomes	Target 2018/19
2.1	<p>In support of the 2018/19 CFRS Deliberate Fire Reduction Plan specific plans will be developed to respond to peak activity and reduce all deliberate fire setting including bonfires.</p> <p>We will continue to develop relationships with each Local Policing Unit and officer appointed as a Single Point of Contact for arson related matters within their areas, evidence/information gathering at incidents will be shared in a timely manner with local Police and other partners through the Local Tasking & Co-ordination Group (T&C) and PNR IRS interface process, so risk reduction activities can be implemented.</p>	SD P&P	<p>17/18 Deliberate Primary Fires = 72</p> <p>17/18 Deliberate Secondary Fire = 212</p> <p>The main hotspot areas towards the end of Q4 were the Hough Green and Upton areas of Widnes to the north of the unitary area – significant number of vehicles in this area.</p> <p>Other areas to continue to monitor will be in Halton Lodge, Runcorn and Lower House in Widnes.</p> <p>The unit will analyse deliberate fire activity based on the SARA model and will provide quarterly intelligence reports for each Service Delivery Area. Where necessary these reports will inform arson reduction activity.</p>	NI33i Deliberate primary fires	51
				NI33ii Deliberate Secondary	240

3. Improve Road Safety - NI47

There were 381 KSI casualties including 22 fatalities in the CFRS area during 2017 of which 29 KSI casualties occurred in Halton including 1 fatality. This is comprised of children, young adult road users, car occupants, pedestrians, pedal cyclists, and powered two-wheelers. Whilst the KSI figures is over 40% less than it was a decade ago, it is still unacceptably high and its impact devastates families and puts significant strain on the public services that deal with the incidents and help put lives back together.

Ref	CAP	Lead	Key Information	Outputs & Outcomes	Target 2018/19
3.1	In support of the 2018/19 CFRS Road Safety Plan;		There were 381 KSI casualties including 22 fatalities in the CFRS area during 2017 of which 29 KSI casualties occurred in Halton including 1 fatality.

3.2	FRS road safety activity by effectively engaging with other FRS Road Safety Practitioners through the CFOA Prevention, Protection & Road Safety Directorate.		Intelligence Team will analyse RTC/KSIs based on the SARA model and will provide quarterly intelligence reports for each Service Delivery Area. Where necessary these reports will inform RTC reduction activity.		
3.3	Represent CFRS on local road safety delivery groups (including LAPS and CSP) to ensure activity is integrated into each local authority's statutory road safety plan.	SD Pre		Representation on local authority boards and strategic delivery and support of CSP priorities identified through Strategic Assessment.	

4. Improve Fire Safety in Non-Domestic Premises /Safeguard Heritage/Reduce Unwanted Fire Signals

We will improve the standards of fire safety within the non domestic built environment and reduce the occurrence of Non Domestic fire related incidents and safeguard heritage. In 2017/18 there were **51** false alarms and we have seen a large positive decrease compared to the 2016/17 & 2017/18 fiscal years due to the new policy. During 2017/18 there were **13** fires involving non-domestic premises which affected local businesses and the economy.

Ref	CAP	Lead		Outputs and Outcomes	Target 2018/19
4.1	Operational crews undertake fire safety audits, peak activity inspections, thematic visits with a commitment based upon; one inspection per watch per tour (to include Fire works, pre-Christmas visits)	Pro	17/18 Fires in Non Domestic Premises: 13 The main repeat property type for non domestic fires were factories. 4.3	Support Protection to deliver Business Safety Events	Pro	The most common causes are Faulty Equipment and Cooking/Burnt toast.	Completed Business Liaison events	1
				Protection Team complete 300 audits across the Service area.	
				Following any notable fires in commercial premises all relevant premises; either within the immediate vicinity or similar business sector visited.	
				Prevention and Protection to complete a minimum of 300 initial premises audits	300 audits

5. Improve Operational Preparedness

Despite successful prevention activities our core role remains one of responding to emergencies; these emergencies are today much broader in range to reflect the changing risks that face our community. The terrorist threat and climate change are key examples of this, although, there are many more inherent risks in the way we now live on a day to day basis. We will reduce the risk at Operational incidents for our firefighters and the community.
