- 3) Cheshire Fire and Rescue Service attended the Malicious False Alarms in Cheshire in between 1st January 2020 and 31st December 2021.

Year	Malicious False Alarms Attended
2020	66
2021	89

Please be aware that there is no 'hoax call' category on our Incident Recording System so Malicious False Alarms attended have been provided. The definition is as follows:

- Malicious False Alarms - are calls made with the intention of getting the FRS to attend a non-existent incident, including deliberate and suspected malicious intentions.
- 4) No records of fines issues are held by Cheshire Fire and Rescue Service as this is a Police matter.
